

Argentem LLC

Capability Statement

Capabilities Statement

Service-disabled veteran-owned software team delivering **Mini Portals**, **508-compliant CX**, and **secure data solutions** for government & biotech—fast to deploy, auditable, and scalable. We specialize in replacing email/spreadsheet chaos with small web apps that add **role-based workflows**, **dashboards**, and **audit trails** in weeks, not months, with **measurable adoption**.

Company Info

- **SDVOSB Certified**
- **SAM Registration:** Active
- **UEI:** 123456789123
- **CAGE:** [15TE6]
- **Primary NAICS:** 541511
- **Additional NAICS:** 541512, 54159

Experience

- **Challenge:** Capped at ~100 users; page loads 40s (US) & 10 min (CN), driving reversion to spreadsheets and email.
- **Solution:** Rebuilt CrownLink 2.0 – 0.25s loads worldwide; automated approvals/audit logs; sponsor dashboards, compliant by design for global teams.
- **Impact:** 99% faster; approvals now minutes; broad adoption by labs/CROs/sponsors, restoring trust and real-time operational visibility.

Core Competencies

- **Mini Portals** — Rapid, form-based web apps with routing, dashboards, audit trails.
- **CX / Section 508 + WCAG 2.2** — Mobile-first redesigns, testing, remediation, conformance docs.
- **Interoperability (FHIR/HL7)** — Standards-based APIs, ETL/data pipelines, secure data exchange.
- **Security & Zero-Trust** — IAM, least-privilege roles, logging/monitoring, secure SDLC.
- **Data & Reporting** — Postgres-backed analytics, exports, and auditable change history.

Differentiators

- **Portal specialists** for fast wins (not generic dev shops).
- **Compliance-first** delivery: 508/WCAG 2.2 practices + documentation baked in.
- **Proven performance turnarounds:** 40s/10 min to 0.25s globally (CrownLink 2.0)
- **Biotech + Gov DNA;** processes aligned to federal buyer expectations.
- **Veteran-owned, senior team** with direct access to PM/lead/CEO.
- **San Diego biotech hub** with
